Triple White Ink Stabilization System

The self-developed triple white ink stabilizing system: built-in ink-shaking kit, white ink recirculation and moisturizing function, ensures the stability of white ink performance without sediment.

Touchscreen Panel

The innovative touchscreen integrated specific functions for easy operating and printer maintenance.

Low Power Consumption

Ultra-low Power Consumption Line: 2300W shaker + 600W printer, far less power than mainstream models greatly reduce electricity costs.

Unique Safety Kit

The **OPTIONAL** safety kit not only perfectly matches European safety standard, but also ensures the white ink sediment free while printer off.
